```

This is the title part where we have used h1 and h2 tags , then a anchor tag for link of cats image and img tag or the beautifull image of a cat.

Cat lists

Things cat loves:

- cat lip
- leaser pointer
- lasagna

```
<h2>Cat lists</h2>
<h3>Things cat loves:</h3>
<ul>
    <li>cat lip</li>
    <li>leaser pointer</li>
    <li>lasagna</li>
</ul>

<img src="https://live.staticflickr.com/4136/4747314852_ae8023c317_n.jpg" alt="image of lasagna">
```

Here we have used unordered list for list of things which cats love with h2 and h3 tag for list heading. Then we have used img tag for the image of lasagna and sourse of the image is internet.

Top 3 things cats hate

1. flea problem
2. thunder
3. other cats

cats **hate** other cats

```
<h3>Top 3 things cats hate</h3>
<ol>
    <li>flea problem</li>
    <li>thunder</li>
    <li>other cats</li>
</ol>

<img src="https://cdn.freecodecamp.org/curriculum/cat-photo-app/cats.jpg" alt="Cats image">

<p>cats <b>hate</b> other cats</p>
```

Here we have used h3 tag for heading of the ordered list and mentioned the things which cats don't like in ordered list, Then an img tag for image of couple of cats , then p tag for some text and b tag for highlighting some part in the text.
